

STAYING IN GRÄNSFORS

If you want to stay with us for a while – maybe you are attending a course – you can choose from these alternatives.

- A. We have got three rooms on the upper floor of the **Café Augustas**. One of them has got a slightly bigger bed. Loving and willing you can share it. Bathroom with shower is shared. There is a kitchenette and a couch with a TV. Downstairs breakfast is served. There are kitchen, dining room and the restroom. Outside is the cafeteria.

- B. In **Dammstugan** – in the end of the old road (gamla vägen) – we have three rooms. Two are single rooms; one is bigger with space for two to three beds. The Dammstugan also has a bathroom with shower, lounge with TV and a kitchen. All these areas are shared.

- C. At the log building school we have four **log houses**. They have two to four beds, electricity but no water. A service house contains kitchen and an eco toilet. If you stay here you will use the shower at the museum. By the cabins there is a **sauna** – of course heated by wood and with possibility of swimming in the creek. Bring a torch if you are visiting late summer!

- D. You can come with your own **caravan or tent**. You will place it outside the café. Tents are put up on the other side of the creek – by our big TIPI. Electricity and toilet are available, and you shower at the museum.

In the room you will find fresh linens, towels and cleaning equipment. When you leave we would like you to throw your garbage, take the linens out of the bed and make the final cleaning– or it can be handed over for a small fee, make sure to book before leaving.

Pricelist is separate (on the webpage or sent). Please, let us know your choice when you order lodgings. The room key and number you will find together with other useful information, in an envelope in the box as you arrive. You give us the key as you pay and leave us.

To find you way, read the map below.

Have a nice stay in Gränsfors!
